

Dromex

BUSH HATS

DH-BUSHHAT-XX

Description

The Dromex® DH-BUSHHAT is a ventilated, wide brim protective sun hat designed to provide full head shade coverage when used outdoors in sunny, hot environments.

This essential sun protection headwear is suitable for users who work in environments such as farming, wildlife reserves, gardening and landscaping, and is also ideal for leisure activities (hiking, camping and fishing etc).

This hat features the following:

- Constructed from 100% cotton, it is soft, lightweight, flexible, comfortable and breathable.
- The crown area of the hat features an inner mesh panel and eyelets for optimum airflow and ventilation.
- Press-studs provide the ability to roll up and secure the brim of the hat for an unobstructed view if required.
- Adjustable chin cord with toggle ensures a secure and customizable fit, preventing the hat from dislodging in windy or active conditions.
- Available in 3 different colors, Khaki, Navy Blue and Black.
- Easy to compress and roll, due to the soft crown design making them compact and easily packable.
- The soft crown area allows for accommodation for branding and personalization.

Special Instructions

- This hat is not designed as a safety protective head device and cannot be used for protection against falling objects and impact hazards.
- Keep all product packaging and protective films out of reach of children due to a suffocation risk.
- It shall be the responsibility of the persons and organizations that use this sun protective hat to establish safety and health practices and to determine the applicability of regulatory limitations prior to use of this hat.
