Dromex

STORM LITE WINDBREAKER

DB-STL-BLK

DB-STL-NB

Description

The Dromex® Storm Lite construction is breathable and coated with PU (Polyurethane), keeping the user dry from water and liquid splashes whilst the inner polar fleece lining keeps the user warm.

The Dromex® Storm Lite jacket design consists of a fixed hood with a drawstring, a heavy-duty nylon zip with a metal zip puller, open sleeve cuffs for comfort, especially when worn over undergarments, two hip pockets with reflective trim for visibility and one breast pocket with a press stud closure system.

Suitable for applications where there is exposure to cold environments such as cold storage and refrigeration companies. In addition suitable for outdoor work and contractor applications.

Special Instructions

Keep clear of open flames.
None of the materials or processes used in the manufacture of these products are known to be harmful to the wearer.
The manufacturer has examined under the system for ensuring quality of production by means of monitoring and inspection.
These Dromex® Storm Lite jackets are designed to accommodate the basic safety requirements and standards for Personal Protective Equipment.
The information contained herein is intended to assist the wearer in the selection of personal protective equipment.
Actual conditions of use cannot be directly simulated in a test environment therefore it is the responsibility of the user and not the manufacturer or supplier to determine the jackets suitability for the intended use.

All storm jackets be should be thoroughly inspected before and after use to ensure no damage is present.

Compliance & Conformity

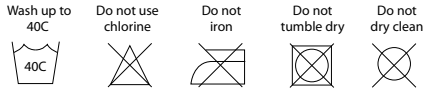
10

Cleaning & Maintenance

Dromex® Storm Lite jackets should not be left in a contaminated condition if re-use is intended especially if potential hazards exist.

The garments should be decontaminated before storage and re-use as indicated below:

- Do not machine wash.
- Hand wash only, water temperature must not exceed 40°C.
- Do not bleach. No bleach product may be used as the garment is not colourfast or structurally designed to withstand any bleach.
- Do not iron.
- Do not dry clean.
- This garment may not be commercially dry-cleaned.
- Cleaning of this garment is best done using a mild detergent with deodoriser, wipe clean or air dry.



Disposal

All industrial waste should be disposed of correctly according to local regulations and good disposal practice. Storm Lite jackets should be disposed of considering the hazardous substances they were used for. Please consider recycling.
